

Dear colleagues,

Due to the recent developments regarding the coronavirus crisis across Europe, the E-Kazan on the Danube-2020 Conference Organizing Committee is dedicated to taking the necessary and coordinated measures. Following the feeling of social responsibility, the recommendations of the World Health Organization (WHO), the European Distance and E-Learning Network (EDEN), and the government of our countries, we have decided to reschedule our meeting in Bratislava for October 5-11, 2020 to maintain public health and safety.

The conference themes and programme remain unchanged.

In June 2020 we are planning to organize an online session as a pre-conference to our face-to-face meeting on the Danube.

Please follow the news and the latest developments on the conference website <http://www.ek2020.e-kazan.info/>

Thank you for your understanding.
